Kelleher & Dalton dissolved partnership yesterday. Mr. Kelleher retires from the firm, and is at present open to an engagement, unless he closes with an offer that he holds with a New York house. As he is a popular, reliable young man of good business and social habits and position, it is hoped by his hosts of friends that he will remain in the city.

Amusements

W. C. Comp's Equestrianism gave a splendid entertainment at the Grand last night, and drew a large house. Go and see it. We will give a detailed notice to-morrow, as our space will not admit of it to-day.

A good house greeted the three Lorelas in "Mishaps" at English's last night. It is a new comedy-farce, chock full of the funniest kind of fun, in the shape of tricks, slobbering antics and situations. It deserves a more extended criticism, which we will publish to-morrow.

The Museum was packed to overflowing yesterday and last night. Our usual notice of the new attractions will appear to-morrow morning.

The Mendelssohn Quintette Club, of Boston, gave a delightful entertainment at Plymouth Church last night.

Deserting Her Babe.

About noon yesterday an unknown woman stopped at the residence of Mrs. Annie Goul, No. 8 Cook street, and drew from under her shawl an infant about two weeks old, which she requested that lady to keep for her while she went on an errand. Mrs. Goul readily complied, and laid the little one on the bed. The afternoon waned, 6 o'clock came and still the mother of the babe did not appear. Feeling convinced that she did not intend to come back, Mrs. Goul carried the infant to the Central Station, and the police authorities gave it into the charge of Mrs. George Shafer, of 139 East Maryland street, who will in all probability adopt it if the mother is not found.

A Wise Man.

It is a wise man who goes fishing during house cleaning time.

The Largest and Finest Retail Dry Goods in the State.

LADIES:

Should you happen to notice a particularly handsome and well fitting Dress, a stylish Bonnet, a novel and beautiful wrap, worn by some member of the fair sex, the chances are two to one that it was made or sold by us. We have sent out from our Dress-Making and Millinery Departments this Spring some of the finest and most satisfactory work that has ever been seen here. We have the talent and can therefore produce the desired effect. We have no disposition to over-charge, and can turn out work unequaled by any establishment in the West at much lower prices than the same class of work and style can be obtained in larger cities. Ladies throughout the State will please bear this in mind, and a trial order will convince them of the truth of these statements. Our Spring Stock is now in and being duplicated as fast as possible, but there are many novelties in Silks and Dress Goods that we can not find again in the market, and ladies who come soonest will find the most complete stock to select from.

We have every desirable Novelty for Ladies' Dresses, Costumes and Wraps, with Rich and Suitable Combinations and Trimmings.

TO GENTLEMEN:

We desire again to call attention to our Tailoring Department. This Department was started about a year ago, and has made rapid strides in the favor of the best Dressed Man in this City and State. We started out with the idea that we could give our customers the same quality of work that we could procure, and have them cut and made by the best workmen, and produce a suit at a profit which in all instances is confined simply to material. We do this to enable us to buy largely and import directly from manufacturers. Try us once and you can not fail to be satisfied with the result. We carry an enormous stock of the best Suits and, guarantee to give you as well made and stylish a suit as can be produced. The prices are less than anywhere else for the same class of work.

Reduction in the Price of Gas!

Notice to Gas Consumers and Others.

Your attention is called to the marked reduction in the price of gas, which took effect on the 1st day of March. The Company is now furnishing gas to all consumers at \$1.50 per 1,000 cubic feet. This price is certainly within the reach of all, for both lighting and cooking purposes. The convenience and comfort of cooking by gas, especially during the summer months, where a fire is not otherwise required, can only be thoroughly appreciated by those who have had experience in its useful application for that purpose. The Company has sold for use in this city during the last four years a large number of gas stoves, and is satisfied from the many testimonials from its patrons, that these stoves "fill a long felt want."
